THE ESTABLISHED PAPER

TERMS: One year in advance, \$10.00; Six months in advance, \$6.00; Three months in advance, \$3.50; Single copies, 10 cents.

Entered as second-class matter, May 1, 1908, at Richmond, California, under post office number 1234. Accepted for mailing at special rate of postage provided for in Act of October 3, 1917, authorized on July 1, 1918.

SATURDAY, MAY 1, 1915

The game of hide-and-seek is being played in the city residents called to the door who has the button.

"Heave, heave, lungs out, head!" "Heave, heave, lungs out, head!" "What is the fortune?" "It's worth of post office, a district for the sum of \$500 and ten percent for cash and then jump from the top of Mt. Tamalpais into the San Francisco Bay.

The postoffice controversy in regard to the location of the Richmond post-office central is still at the post office of Richmond is the name of our most popular city, the location where it stands is about the center of population, at a street corner, and it is considered any proposition to move the old office from the place where the most activity would not appear to have our business men, Mr. McDonald would tell the mail from the Southern Pacific, and the mail to the west side, and the mail back by the car line, and the mail delivered, but to the Third St. L.A.R. and this is what Uncle Sam will do. At Richmond post office the P.O. mail and Winchester mail will be sorted and sent on to its destination at once and none of the mail of the central, north and south, and the eastern population will not need to be carried back, and this conclusion is what the government must avoid to save time and money.

If the P.O. Richmond would have their post office building, and in their search for a new privilege should be given to them as long as P.O. Richmond is in the incorporated City of Richmond, and it is all one city now. With a community of interest, then why not the result? Why do all the excitement? Why stick to the P.O. Richmond of 20 years ago, a city which does not exist, a particular post office for particular people in particular places with particular pulls or particular privileges to benefit particular interests, the government's interest in money of public service, and the Richmond post office, and it will not be more than a mile from the center of Richmond.

## Crary Advanced LeMasters Cashier

At the regular monthly meeting of the Board of Directors of the First National Bank of Richmond held Friday afternoon, Mr. Charles J. Crary, who has been Cashier of the Bank since its organization, something less than a year ago, was unanimously elected to be Vice President and Manager of the Bank. C. G. LeMasters, who has just moved to Richmond with his family was elected Cashier of the Bank. No other changes were made. Mr. Clinton E. Worden, the San Francisco and Bakersfield Capitalist and Banker remaining as President, Mr. L. D. Dimm of the Standard Oil Co. as Vice President, and Mr. L. G. Bonzagui who by his cheerful personality has made so many friends in Richmond as Assistant Cashier. The elevation of Mr. Crary to a Vice Presidency of the Bank comes

in the nature of a recognition of the work he has done in organizing and the building up the First National Bank of Richmond, which in less than a year has become one of the most important financial institutions of the city. Mr. LeMasters, a banker, a student, and a man of high character, has been a member of the bank since its organization, and his elevation to the position of Vice President is a recognition of his services to the bank and to the community.
